What we'll do for you.

From Ithaca Roofing's brief, translated into scope and price.

Three lines of delivery.

01

Custom WordPress design & build

A fresh design tailored to Ithaca Roofing, then built from the ground up on WordPress. No third-party themes, no template bloat. Every section shaped around your content and your customers.

02

Drag-and-drop editing

Once the build's signed off, we convert every section into editable blocks. Your team can update copy, swap images, and add new pages without touching code or calling a developer.

03

Ongoing maintenance

Managed hosting, daily backups, weekly CMS and plugin updates, plus performance and security checks. Your site stays fast, secure, and current, month after month.

The numbers.

ONE-OFF BUILD

£3,750

Custom WordPress redesign and build, converted to drag-and-drop editing. Delivered, deployed, yours.

ONGOING MAINTENANCE

£120

per month

Managed hosting, daily backups, weekly CMS and plugin updates, plus performance and security checks. No lock-in, cancel anytime.

Let’s build it.

Say go and we’re rolling.
